

Georgia Gwinnett

COLLEGE

The School of Science & Technology at Georgia Gwinnett College (GGC), a premier 21st century four-year liberal arts institution, invites applications for multiple faculty positions in Physics, beginning August 1st 2010, at the assistant, associate or full professor level. Located in Lawrenceville Georgia, part of the greater Atlanta metropolitan area, GGC is the 35th member of the University System of Georgia. Gwinnett County is home to a variety of businesses, including organizations involved in health care and information technology.

GGC is an institution that values and encourages innovative teaching, and provides a technology-enriched environment for instruction and learning. As such, our main selection criterion will be the promise of outstanding teaching and the appointment is open to strong candidates of any research focus. Successful candidates must have a Ph.D. or appropriate terminal degree by the start date, and teaching experience in a diverse environment is preferred.

New faculty members will contribute to the teaching of a variety of undergraduate physics and physical science courses in support of the general education curriculum, and existing Science and Technology majors, i.e. Biology, Information Technology, Exercise Science, and Mathematics. In addition to teaching, faculty members are expected to actively participate in scholarly activities, contribute in service to both the college and community, and advise and mentor undergraduate students.

For more information about our college, please visit our website at www.ggc.usg.edu. To apply, visit <https://jobs.ggc.usg.edu> and select the Create an application link on the left of the page. You may also visit our table in Atlanta at the [SESAPS 2009](#) meeting on Thursday and Friday November 12th and 13th from 10 am to 3 pm.
